

OF22

Conductive Precision Potentiometer, Made of Plastic, Waterproof, with Long Lifespan

Value range: 1 to 10k

Rated power: 1W at 70°C and 0W at 125°C

Resistance deviation: $\pm 10\%$

Maximum working voltage: 200V DC

Mechanical travel: 220/320/360°

Rotary moment: < 6Nm (sixty gf.cm)
